### July 2010:

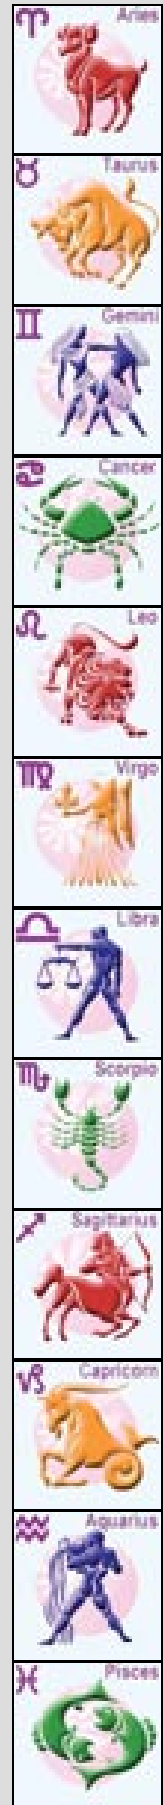

-  Sometimes there are questions which just need to be asked, and if it falls to you to do the interrogating, so be it!
-  Your family members might be checking in on you to see how you are doing.
-  You may take a different path at work, while others jockey for positions of importance.

### August 2010

-  There aren't many surprises in store, but your emotional affairs are both reinvigorating and reassuring.
-  If you need to stick nearer to home, you can definitely benefit from a change of domestic routine.
-  Occasionally, you will be tempted to give up and abandon challenging situations but resist the temptations to do that.

### September 2010

-  Someone who has been the focus of your attention may finally justify the faith you have shown.
-  You would be best to tackle all your work problems or otherwise they will come back to haunt you later.
-  A journey or course of study, which has met with many setbacks, may finally go ahead.
