

CAPRICORN Dec 22 – JAN 20

Ross Rugdee Astrological Analysis and Consultant
ross@royalastrologers.com

July 2010

✈️ Prevailing trends focus on issues that are dear to the hearts such as local politics, environmental projects and exploring alternative lifestyles.

🏠 An interesting time on all levels and one in which you will learn a lot about others around you.

🔧 You're pushing through some serious business right now, in your personal or professional life.

August 2010

♥️ Love takes on a mystical aura. You may be nourishing some idealistic goals, perhaps spiritual, social, or humanitarian in nature, that also interest that special someone in your life.

🏠 You could experience some minor tensions in relations and should try to be more accepting of their point of view.

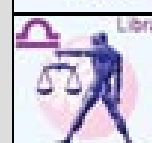

🧠 Make sure others are paying attention to your big ideas.

September 2010

🧠 You may be in the mood to mingle but interaction with others will be superficial rather than sincere.

🔧 Most likely, you need to take things rather slowly in order to absorb all the data flowing past you.

♥️ Thinking becomes clouded, unclear. You'll feel inspired, but unsure of the next move.
