

Free General 3 Months Report for:

LEO July 23 – August 22

April 2009

Money: Financially, you will need to trust your instincts or your gut feelings as there will be many opportunities and options to follow.

Home: You're feeling a wee bit fussy about order and priorities but not so much that you alienate family.

Emotion: A shift of power will have you questioning if this is how you want thing to be.

May 2009:

Social: Romance will have it's ups and downs and a lot of upheavals are likely.

Money: Despite new options opening up, a flutter of uncertainty causes second thoughts in regards to financial investments. Financially watch for the unexpected.

Work: The planets provide the perfect opportunity to make a big impression on those who have doubted you in the past.

June 2009:

Home: Cracks may begin to show in a close relationship and you must smooth them over before a rift occurs.

Work: Information and work details will now come under your scrutiny, with adding intellectual ways of dealings.

Emotion: You have the winning edge, but must be brave enough to trust your instincts rather than over-analysing situation. Guard against accidents or angry outbursts.
