

SCORPIO Oct 24 – November 22

Ross Rugdee Astrological Analysis and Consultant
ross@royalastrologers.com

July 2010

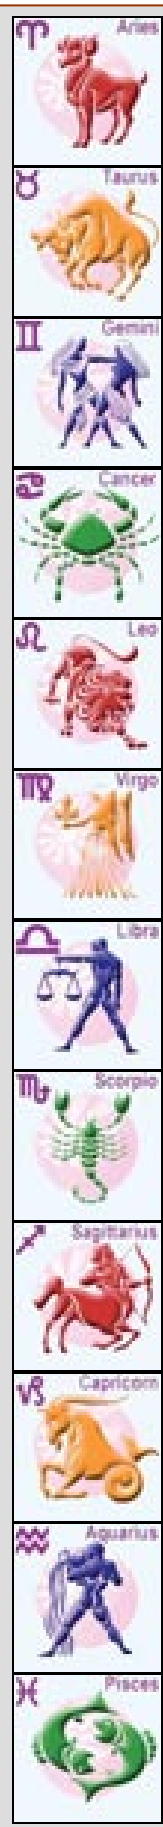

- ♥ Your social life could take a positive turn. You may look better, and be more receptive and appreciative of others.
- ⚡ Professionally speaking, you are going through a period of reflection, which might cause you to withdraw into yourself somewhat.
- ✈ Moving from one place to another will also ignite your wanderlust tendencies, and you will be getting new ideas.

August 2010

- ♥ Love matters seem rosy as planetary alignment increases your level of enthusiasm and optimism.
- 🏠 Contact with those who live close by or siblings may be part of this, and there may even be a gathering. If you have been drawn to someone rather sultry, now you'll want to explore shared interests together.
- 🗣 Your communications are back on track and you are seeing things from a clearer perspective.

September 2010

- ♥ You will be lost in thought throughout most of it. Enjoy the introspection.
- ⚡ You must find the means necessary it will allow you to show what you are capable of achieving. But don't rush. Your time will come, and your triumph with it!
- ✈ New experiences and places are in the loop, so take rest and enjoy all that comes your way.
